GOVERNOR OF HAWAII

CHIYOME L. FUKINO, M.D.  
DIRECTOR OF HEALTH

DAVID T. SAKAMOTO, M.D., M.B.A.  
ADMINISTRATOR

1177 Alakea St. #402, Honolulu, HI 96813 Phone: 587-0788 Fax: 587-0783 www.shpda.org

## ADMINISTRATOR'S REPORT August 2003

### **Hawaii Health Performance Plan (H2P2)**

Research on H2P2's capacity thresholds includes reviewing other state health planning agencies' standards. Sources that provide tracking of key indicators for the disease chapters now exist and may be included in the next H2P2 update. Preference will be to use existing reputable national and state sources that already are collecting this data.

### **Subarea Health Planning Councils (SACs): H2P2 Activities**

- Hawaii**      **H2P2 Chapter on Behavioral Health:** The Hawaii County SAC reviewed the latest draft of their transportation proposal for Hawaii County, the result of input from the Hawaii County Transportation Conference in April and from a recent study completed by the Department of Urban and Regional Planning at the University of Hawaii at Manoa. The plan to introduce the proposal to the key stakeholders is being implemented.
- Honolulu**    **H2P2 new Chapter on Long Term Care** – The Honolulu SAC did not meet this month.
- Kauai**        **H2P2 Kauai Health Priorities/Chapter on Behavioral Health** - Members began to discuss and explore the health priorities identified in July. They have identified several areas of interest relating to enhancement and expansion of services and are looking into setting up meetings to gather more information to determine where they will focus their efforts.
- Tri-Isle**      **H2P2 Chapter on Behavioral Health:** The Tri-Isle SAC heard a presentation by Wendie Schwab D.D.S. on dental services and programs that have developed over the last three years since the start of the Maui County Dental Health Alliance. They will continue the H2P2 update process over the next few meetings. They are looking into access issues in Maui county and continuing to gather information on Behavioral Health.

- Windward H2P2 Chapter on Diabetes and other Chronic Disabling Conditions:**  
The Tri-Isle SAC reviewed the information they have gathered on community diabetes programs and would like to continue their focus on this area, exploring what role they may be able to play. They will invite speakers from the Department of Health and Kaiser to their September meeting. The members began the H2P2 update process and will continue this at future meetings
- West Oahu** The West Oahu SAC will be adding one new member and is scheduled to meet on July 31.

### **Research and Statistics:**

The SHPDA website had a total of 16,477 hits during July of 2003.

A new SHPDA website search engine was added to our home page. Now you can conduct a simple or Boolean Google search. You can access the search engine at:

<http://www.state.hi.us/health/shpda/shsearch.htm>

Major sections of the 2002 SHPDA Health Care Utilization Report were added to the SHPDA website and are accessible at:

<http://www.state.hi.us/health/shpda/shu03toc.htm>
